Document Sets***

Broadband Access Document Set

- ▶ ***SA 100 Network Administrator's Guide*** (sa100nag.pdf)
- ▶ ***SA 100 Hardware Installation Guide*** (sa100hig.pdf)
- ▶ ***SA 600 Network Administrator's Guide*** (sa600nag.pdf)
- ▶ ***SA 600 Hardware Installation Guide*** (sa600hig.pdf)
- ▶ ***Ascend Broadband Access Enterprise MIB*** (samib.pdf)

▲ ▲ ▲
***Return to
Document Sets***

Reference Documents

- ▶ ***Networking Services Technology Overview*** (over.pdf)
- ▶ ***Ascend MIB Definitions*** (mib.pdf)

Printing Tips

If you want to print a range of pages:

1. In Acrobat Reader, open the PDF book to the first page that you want to print.
2. Select View -> Thumbnails and Page to display Thumbnails.
3. Check the Thumbnails for the number of the open page.
The page number will appear highlighted on the Thumbnail page.
4. Open the last page that you want to print and determine the page number from the corresponding Thumbnail page.
5. Select File -> Print, enter the page range, and choose OK.

If your printer does not print the page numbers or book titles of Ascend PDF books:

Check your printer driver and make sure you are using a PostScript driver. Some printer drivers are not able to print white or light-colored fonts on a dark background. Since the Ascend PDF books have yellow page numbers and book titles on a red band in the footer, you may need to print the books with a PostScript printer driver.
